

MIDDLESEX COUNTY UTILITIES AUTHORITY
LEGAL NOTICE

PUBLIC HEARING NOTICE

TAKE NOTICE that the Middlesex County Utilities Authority (MCUA) has filed a request with the New Jersey Department of Environmental Protection for funding through the New Jersey Water Bank for the proposed Renewable Natural Gas Facility project. The proposed project will convert Landfill Gas (LFG) to natural gas at the MCUA's Central Treatment Plant (CTP) from the Middlesex County Landfill (MCLF) located in East Brunswick, NJ as well as the Industrial Land Reclaim Facility (ILR) located in Edison, NJ. The Renewable Natural Gas generated from this facility will be delivered to the PSE&G natural gas service local to the facility. The project is intended to replace an existing Cogeneration Facility that is functionally obsolete and reduce overall plant-wide air emissions. The total estimated cost of the project is \$135 million, of which \$135 million will be funded by the New Jersey Water Bank.

Pursuant to N.J.A.C. 7:22-10.10(b); a hearing to obtain public comment on this request will be held at:

Middlesex County Utilities Authority
Sayreville, NJ 07045

Tuesday, July 23, 2024
7:00pm

This meeting will be conducted via teleconferencing.
CALL IN INSTRUCTIONS are as follows:

1(929) 333-4964 Access Code 573445611#

All information submitted by the MCUA to the New Jersey Department of Environmental Protection in support of the proposed Renewable Natural Gas Facility is available for public inspection at the MCUA's Administration Building, 2571 Main Street Extension, Sayreville, NJ 08872. For questions or comments regarding the documents, contact Michael DiNinno, Environmental Quality Administrator, via email at mdininno@mcua.com or phone at (732) 721-3800.
