

New Jersey Environmental Infrastructure Financing Program USEPA Public Awareness of SRF Assistance Requirements

Construction of upgrades and improvements to MCUA Gas Booster Pump Station, located at Sweetwater Ln, Edison Township, Middlesex County, New Jersey (Block 114, Lot 100.02), at a cost of \$4,397,200.00, are financed by the New Jersey Water Bank (NJWB). The NJWB is a State Revolving Fund program jointly administered by the New Jersey Department of Environmental Protection (DEP) and the New Jersey Infrastructure Bank (Infrastructure Bank) and uses a combination of funds provided by the United States Environmental Protection Agency, the DEP, and the Infrastructure Bank to provide very low interest loans to borrowers for environmental infrastructure projects.

This project will provide water quality benefits by protecting the groundwater for residents and businesses in Middlesex County, New Jersey.

State Revolving Fund programs around the nation provide states and communities with the resources necessary to maintain and improve the infrastructure protecting our valuable water resources nationwide.
