

Construction of upgrades and improvements to:

- 1) Edward J. Patten Water Reclamation Center
MCUA 18-4-5 Return Sludge Pump Station Rehabilitation
Phase I – Valve Replacement
Sayreville, NJ Capital Cost: \$18,589,890
NJ I-Bank Project No. S-340699-21

were financed by the New Jersey Water Bank (NJWB). The NJWB is a State Revolving Fund program jointly administered by the New Jersey Department of Environmental Protection (DEP) and the New Jersey Infrastructure Bank (NJIB) and uses a combination of funds provided by the United States Environmental Protection Agency, the DEP, and the NJIB to provide very low interest loans to borrowers for environmental infrastructure projects.

This project will provide water quality benefits by improving Return Sludge Pump Station – Phase I Valve Replacement which is instrumental in protecting the health and wellbeing of the residents and businesses in Middlesex County and portions of Union and Somerset Counties.

State Revolving Fund programs around the nation provide states and communities with the resources necessary to maintain and improve the infrastructure protecting our valuable water resources nationwide.
