- 3) Edward J. Patten Water Reclamation Center  
MCUA 19-4-8 Gravity Thickener Rehabilitation Phase II  
Sayreville, NJ Capital Cost: \$12,709,900  
NJ I-Bank Project No. S-340699-17

were financed by the New Jersey Water Bank (NJWB). The NJWB is a State Revolving Fund program jointly administered by the New Jersey Department of Environmental Protection (DEP) and the New Jersey Infrastructure Bank (NJIB) and uses a combination of funds provided by the United States Environmental Protection Agency, the DEP, and the NJIB to provide very low interest loans to borrowers for environmental infrastructure projects.

This project will provide water quality benefits by maintaining effective treatment methods protecting the tributaries flowing into the Raritan Bay and improving the environment for residents and businesses in Middlesex County Utility Authorities service area.

State Revolving Fund programs around the nation provide states and communities with the resources necessary to maintain and improve the infrastructure protecting our valuable water resources nationwide.
